Colt M16A1 1967 Model

How to Install ?

1. Run OpenIV.
2. Enable Edit mode.
3. Go to update.rpf/common/data/dlclist.xml
4. Add this: dlcpacks:\m16a1
5. Put the 'm16a1' folder in mods/update/x64/dlcpacks
6. Spawn the weapon via trainer. I recommend either Menyoo or Simple Trainer. The weapon is called 'WEAPON_M16A1'.
7. Have fun and shoot those gooks down!
